TOWN OF ALEXANDRIA

Office of The Selectmen

Year of 1957

Citizens of Alexandria

Alexandria, New Hampshire.

Dear Interested Citizens:

This year passed in the manner of accomplishments despite the inflated "costs of living" that towns as well as individuals are striving through. We ended the fiscal year righted on an even keel, with a small balance in the treasury.

The A.M.C. case vs. the town was settled to the town's favor. The 1957 General Court passed legislation exempting the A.M.C. entirely from taxation. On that disturbing factor, the board felt that almost any agreement for payment in lieu of taxes would be better than nil. The club offered, and was accepted, a payment of \$1,000 in lieu of the 1956 and 1957 tax year; and agreed to pay a sum of \$500 per year in tax lieu. From 1958 until 1963 they will pay us \$250 per year; this is in amortization with the previous canal building agreement. This 1957 agreement in no way binds the town in the advent of future changes in the law. At this time, it does represent the best possible to the town's favor. We should like to express thanks to Attorney George Ray and his associate, Attorney Upton of Concord, for their diligent accomplishments.

Another stretch of road was blade mixed; thus adding improvement to the mail route and making year-round travel more indulgent. With a larger amount of finances for this work, we hope to continue in this way so that this year approaching may well see the tar reaching the junction road. An important part of the overall plan is to reseal, from road funds, the first stretch of road

done four years ago. **Completed sections must not be allowed to deteriorate.** That is why we need financial support on the appropriation for summer town roads. Failure to grant enough money for the road program would be a serious hinderance—the waste of money and labor energy already expended.

Under the planned highway program, the stretch of road from Cole Hill to near the Harry Bockus home would next be widened, drained and graveled. Following that, plans call for completion of the Cass Mill Road so that by 1960, we should be working on that stretch.

As we all must comfortably realize, the state rebuilt our village-approaching road. We are grateful for the improvement granted our village—and vision it as much needed encouragement to our commuters.

The town hall furnace is in a hazardous state. An article to that accord will appear in the warrant. We hope that the matter will be ably reviewed.

A used gas stove was installed this year in the town hall kitchen and is appreciated by the industrious committees for suppers, etc. We hope to see further improvements in the hall—but, of course, the heating condition must first not be neglected.

TAXATION, the item that affects us all. As an entirety this year they were less, due mainly to **school aid**. Here we must stress the importance of **equalized valuation** as school aid, plus the amount of taxable assessments on the power companies, are presently based on the percentage of valuation relative to true value. The low valuations of a few years past would now bear disastrous effects. The day of low value is quickly disappearing and to prevent you, the taxpayer, from having to pay more per capita, valuations must be kept current with the times. Admittedly, this is a very complex and difficult

procedure for your assessors, and no three men are infallible—but again this year we have tried to equalize fairly—and although some will impugn otherwise—to the best of our ability.

In closure, we wish to express appreciation for your cooperation in town affairs and hope to see each and all of you at town meeting.

Your Selectmen,

ERLAND WADHAMS

CLYDE MOSHER

ROBERT AKERMAN

HAYNES MEMORIAL LIBRARY

Report of Librarian

A tribute to Nellie Kimberly Wadhams, who retired as librarian this past spring after twelve years of loyal devotion to Haynes Memorial Library.

Our young patrons have had their literary interests nurtured by this personality, motherly in appearance and profoundly endowed with philosophy.

Many have been the times that Mrs. Wadhams has mired her way on foot to and from the brick library building, so devoted to her service. Her interest has not now waned, but beams bright as a full moon.

Mrs. Wadhams is talented in the field of literature and research. Her works of fiction and non-fiction have received discriminate recognition and awards from two state universities, New Hampshire and Connecticut.

She is a Phi Betta Kappa, of which membership is honorary and based on high scholastic standing. Phi Betta Kappa—its Greek meaning, "Philosophy is the guide of life."

Nellie Kimberly Wadhams' way of life is unique, especially in these quandary times. It bears resemblance to the rich life of Thoreau.

"I am often reminded that, if I had bestowed on me the wealth of Croesus, my aims must still be the same, and my means essentially the same."

—From the journal of Thoreau

Haynes Library is a privately endowed institution managed by a Board of Trustees elected by the Library Association. It is not supported either wholly or in part by the town.

As stated previously by Mrs. Wadhams, the discards from the Gordon-Nash library are worthy additions to our own shelves. Highlights this year included such recent publications as "The Braintree Mission" and "Island in the Sun"; also books by notable authors such as Louis Bromfield, F. P. Keyes, John Steinbeck, and Pearl Buck. Others were an aid to school assignments.

DISCARDS: Approximately 350. Discarding, along with evaluation, was begun last year with Mrs. Wadhams. Appreciation is also due this year to Mr. Ralph Riley, State Extension Librarian, who also allotted time to evaluation and suggestions. Some of our books, not of an age to merit value or procure interest; or else having suffered years of activity beyond the processes of repair; or as duplicates—they must be branded as discards. However, we are fortunate in possessing many books to interest the booklover including sets of classics, early Bibles including a copy for the blind before the advent of Braille. The books on the shelves are reliable precedents to chart the era of publishing in America. They are our heritage, our present, our future.

Appreciation to Mrs. Wadhams who gave a special separate fund for reference works, one of which has been purchased this year.

Thank you to Mrs. Andrew Abbott who gave the library her collection of popular magazines—so that others might enjoy them last summer. Thank you also, Miss Hope Swain and your associates at the Gordon-Nash Library for many favors.

The library will reopen on April 19th. This year I would like to anticipate a Storybook Hour for the children during the warmer summer months. This could add to the incentive of the library as a haven for the local

children, already accomplished by Mrs. Wadhams through her magic of colorings, chalk on blackboard, wallpaper cutouts and all.

SUPERINTENDENT'S REPORT

Alexandria received over \$2700 more in state aid this year than in the previous year. This is due to: 1) a larger amount per pupil in the formula; 2) a few more pupils; 3) an actual decrease in equalized valuations as set by the tax commission. It is to be expected that the amount will be about the same for next year.

Various co-operative school studies are being made throughout the state including this area. Some people think of a cooperative school as a consolidated school where all pupils attend. Such need not be the case and often is not. A cooperative school might include any combination of grades such as 9-12, 6-12, 10-12, or any of several more possibilities. In any event the people of Alexandria should be concerned with cooperatives in general and especially with those which might involve Alexandria in particular.

In spite of material increases in salaries for the current year the state average increase was almost as much. Since we started lower we are still more than \$400 below the average. We should do our best to keep our present teachers.

Respectfully submitted,

C. MAURICE GRAY, Supt.
